

# CAN'T ADOPT? THEN SPONSOR A PET

Even if you're not able to adopt a pet today, you can help a homeless animal by sponsoring their shelter and care while they wait to find a new home. "I want to help, but can't adopt a pet right now." The good news is that most of them go on to find the pet of their dreams – that perfect companion – and provide him or her a "forever home". But what about the pets left behind – those equally deserving companions who for some reason just weren't a good lifestyle match? We've got good news for them, and you can help.

## SPONSOR A PET THAT TOUCHES YOUR HEART

Pet Welfare and The Petfinder.com Foundation offer a program that allows you to sponsor a homeless pet that has touched your heart, but which, for some reason, you can't adopt at this time. It costs an average of \$180 to provide care for a pet while she waits for a home. This can dramatically increase with special needs animals' vet care. You can start by sponsoring a pet that melts your heart on Petfinder.com! Your contribution of just \$10 may enable a pet to receive care until a new loving family comes along. They all deserve this chance. Contributions are collected and distributed to Pet Welfare by the Petfinder.com Foundation and are tax deductible as allowed by law. In the event that the pet you select receives numerous sponsorships or is no longer available for adoption at the time your donation is received, Pet Welfare may apply donations to ongoing needs for the other pets in its care.
